"The Golden Year", our
fiftieth birthday. This
birthday is more symbolic

symbolizes growth,

Some Faces Seen at the Birthday Celebration

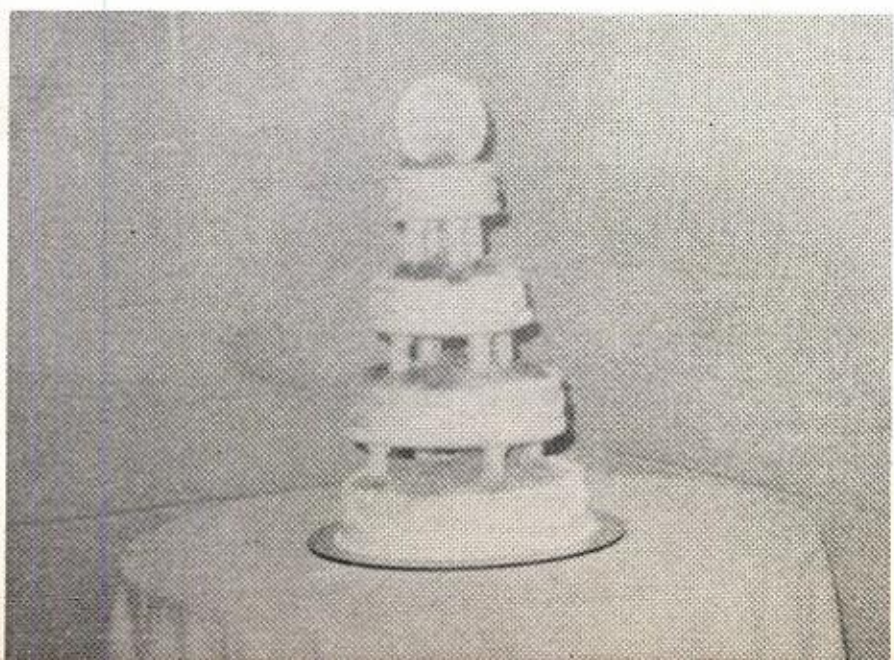

FOREWORD

We have a feeling of pride in our beautiful new facilities, and a deep appreciation for those who made them possible. We realize that we are fortunate to be students in Sundown Schools. So, we did not celebrate our 50th birthday by blowing out candles, but by lighting them; not by receiving gifts, but by giving them. We want "THE GOLDEN YEAR" to be only the beginning as we contemplate future progress.

1928 — 1978 . . . Then and Now

Sundown School District was organized in 1928. The Board of Education borrowed \$3,200. \$1,800 was spent for the construction of a four room building which served as the school and a teacherage. The remaining \$1,400 was spent to drill a well and furnish a windmill, desk, and other equipment necessary to initiate the school.

Today, on the same site stands a building second to none in the State of Texas. It covers over seven acres and costs over \$5,000,000.

BOARD OF EDUCATION — (Standing) G. D. Lasater — Superintendent, Nick Williams — Business Manager (Back row) Larry Runnels, Terry Warren, Gene Nugent — Secretary, Jim Hogue — President (Front row) Dorothy Soules, Jay McCullough and William Clements — Vice President

The ingredients of a good, productive school are basically the same as they were 50 years ago — leadership, genuinely interested in education, a dedicated teaching corps, a student body eager to learn, and a supportive parent and community involvement. We believe that Sundown Schools have all of these ingredients. And, if during "THE GOLDEN YEAR" and each successive year, we plan wisely, work diligently, devote adequate time and thought to carrying out our purposes and program of work, our future will be greater than the past.

New Boss Tackles Old Job

SUPERINTENDENT
OF
SCHOOLS
Mr. G. D. Lasater

The completion of the new educational facility is only the beginning of great experiences for Sundown students. Congratulations are in order for the citizens of Sundown and the emphasis they have placed on Sundown's future growth and the education of today's youth. A program of opportunities to match the facility should be the next step in bringing to Sundown quality education for tomorrow's citizens.

Looking back upon the past four years, we seniors have cherished memories. When we were freshmen the band won the first Sweepstakes Award in many years. As juniors we conducted fund raising events in order to finance the Junior-Senior Banquet. But, our senior year has been the highlight. This year we were able to take the first senior trip in twenty-one years. On this trip we traveled to Six Flags, in Arlington, Texas, for the special senior night.

As graduation approaches we look into the future with anticipation tinged with sadness for the past of our lives which is ending. We have enjoyed our years at SHS.

Games

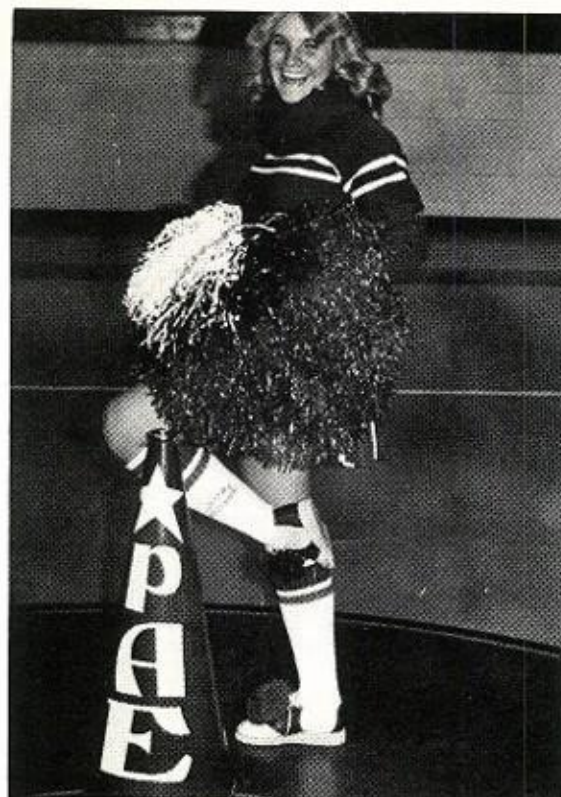

1978-79 was a "high-low" year for SPORTS. Losing came more often than coaches, players, and fans would like to have seen it; however we stayed in there and fought to the very end. The ability to hold our heads high, even when we left the gym or the stadium with a loss, did not come easily, but it did come!! We upheld the motto, "Sportsmanship, then Victory."

We thank our fans for their loyal support. Just suppose for a moment that the stands were empty, that no shout of enthusiasm rewarded exceptional good plays, that no jeer of derision put new determination into faint hearts and new vigor into failing arms and legs. Their confidence in us was encouraging. They were our joy in time of victory, our consolation in defeat, and our inspiration at all times.

Games would have been dull indeed without *Cheerleaders* to keep our spirits high. These girls were seen before, during, and after games — a blaze of red, white, and blue, cheering the players.

Their skirts for pep rallies, the hall decorations, and the long hours of preparation did not go unnoticed. We commend them for a job well done.

Gridiron Season Ends 6-4

Our new coaches, Jones and French, assumed positions at the start of the 1978 season. The 'Necks started out slow against some very stiff competition. But, they were a strong, competitive team and as the season wore on, they won five out of the last six games they played.

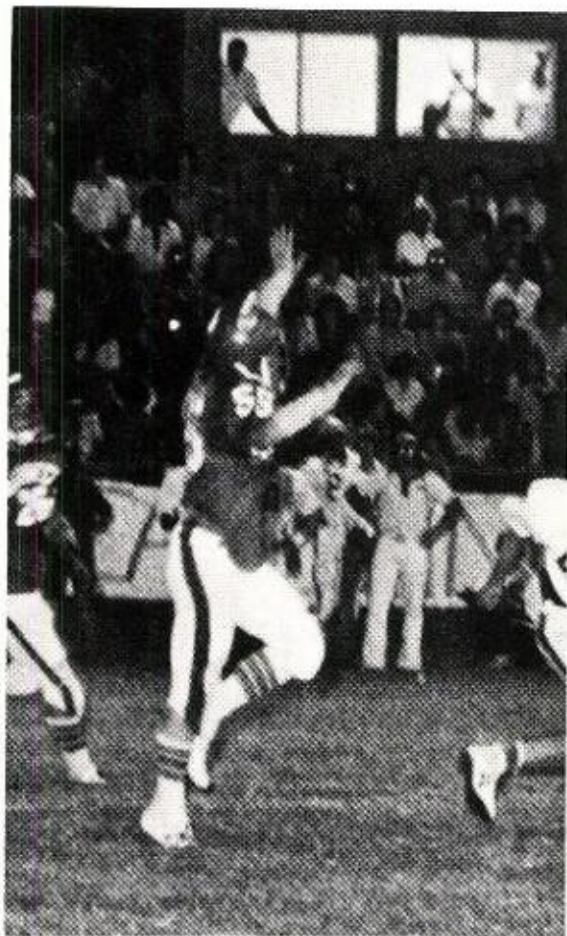

The senior players provided leadership, and younger players gained valuable experience. They all showed character and PRIDE and never gave up when the going was rough. All in all, it was a good football season.

1978-79 DRILL TEAM

Entertainment added a "touch of spice" to our school program. Talents and energies were enlisted to bring joy to the participants, the student body and to the community. The important thing is that students left these activities with a sense of accomplishment. Not only did they give pleasure and amusement, but they directed proper expression of thought and enriched the learning environment.

"There's No Business Like Show Business", and SHS was treated to a wide variety of entertainment during 'The Golden Year.'

FAREWELL

Mrs. Lasca McChristial

School days have long been acknowledged as the happiest days of our lives. I assure you that my days spent in Sundown Public School have been happy, rich and rewarding. They have given me many prize moments to cherish, and I count it an honor and a privilege to have served in the system as a teacher and a counselor.

Change is ever present. And, as much as I regret severing my association with you and leaving my formal educational duties, I am looking forward to retirement. There are "so many worlds and so much to do" that I am accepting the challenge of other pleasant and helpful experiences.

I assure you that I shall always be interested in your activities and your accomplishments. There will always be a warm place in my heart for all of you, and I leave with a feeling of satisfaction for the work we have accomplished together during the past 37 years.

Sincerely,

Mrs. McChristial
